## AB 897 – Mullin (in Senate EQ Committee)

- Directs Office of Planning and Research to provide a framework and guidelines for regional adaptation plans (ALL hazards/impacts)
- Does not provide funding
- Requires OPR by July 2022 to:
  - ✓ Set boundaries and guidelines for regional climate networks to produce plans.
  - ✓ Define the content of the Adaptation plans
- By Jan 2023, OPR will advise the legislature on funding and technical assistance options to support regional climate networks.

# Budget

Governor's "Climate Resilience" (May) Budget is about \$1.3 Billion for both Mitigation and Adaptation efforts.

- Only \$25M (2%) is specifically allocated for local government adaptation planning.
- Legislature's "counter-offer" is \$3.7 Billion + \$400 Million for state and local transportation adaptation grants
- The Local Government Commission & 80 others have requested a budget that allocates approximately \$1.5 B for specific local government and community adaptation planning.

# Budget Process

- By July 1, the Governor and legislature will agree on a budget number (amount only)
- Between July 1 and early September, the Governor and Legislative leaders will negotiate specific programs and funding levels

# Funding for Bay Wetlands Restoration *(Good News!)*

## Federal:

- o House bill (passed) provides \$125 Million over 5 yrs. for SF Bay restoration/protection studies and projects)
- o Senate bill (if passed) will provide \$250M over 5 yrs.
- o If Senate bill passes, Conference Comm will negotiate

## State:

- o Gov's budget provides \$200 M statewide for wetlands restoration.
- o Legislature's "counter" allocates \$200 M just for S.F. Bay.
